Protecting the World's Wild Places

We recognise that by taking passengers to some of the world's most fragile and untouched ecosystems, we have a responsibility to inspire, educate and advocate for the protection and preservation of the places we visit.

Association of Arctic Expedition Cruise Operators AECO

IAATO

Certified B Corporation

Hercules Bay, South Georgia, Photographed by Fiona Wardle.

Our Journey

When legendary Australian mountain climber Greg Mortimer OAM and his adventurer wife, Margaret, first charted a course to Antarctica over 35 years ago, they got goosebumps. But not from the cold.

Their sense of wonder was jolted awake by the vast natural beauty that dwarfed them at every turn – from monolithic icebergs, endless white deserts, and even volcanoes rising from the icy surface – to colonies containing thousands of penguins.

They found it unbelievable that outside of a small community of scientists and explorers, few had ventured to this pristine glacial paradise.

Nor could they fathom that this first voyage would lead to a lifelong passion for bringing other like-minded travellers to the world's most stunningly remote natural environments.

Founded in 1991, Aurora Expeditions was born from the belief that travel is a powerful tool for positive change. By fostering a deep appreciation and respect for our remarkable destinations, we create avid ambassadors for their protection and preservation.

Today, we are an award-winning pioneer in responsible small-ship exploration travel, a Certified B Corporationand proudly carbon-neutral.

Should your next journey be with us, we promise an immersive, inspirational and profound experience – regardless of which corner of this incredible planet we explore together.

RIGHT: Greg Mortimer OAM, Aurora Expeditions Founder.

35 Years of Experience

Sunrise in Antarctica, Photographed by Carlos Mauer.

1991 — Aurora Expeditions is established by Greg and Margaret Mortimer, and is one of the first operators to become a member of the International Association of Antarctica Tour Operators (IAATO)

1992 — First Antarctic expedition

1994 — First to introduce ice camping and kayaking on the Antarctic Peninsula

1995 — First commercial climbers expedition to the Antarctic Peninsula

1997 — First Arctic expedition

1998 — First diving trip to the Antarctic Peninsula

1998 — First Australian expedition

2001 — First passenger expedition to retrace Shackleton's footsteps

2003 — One of the first operators to join the Association of Arctic Expedition Cruise Operators (AECO)

2005 — First British Isles expedition

2012 — Introduces trips with flights to Antarctica

2014 — Introduces snorkelling in Antarctica

2019 — Introduces the first passenger vessel to feature the Ulstein X-BOW, *Greg Mortimer*

2022 — Launch of our second new small ship, *Sylvia Earle*

2023 — Named 'World's Best Expedition Cruise Line' in the World Cruise Awards and hosted the inaugural Antarctic Climate Expedition (ACE)

2024 — Became a Certified B Corporation

2025 — Launch of third purpose-built small ship, *Douglas Mawson*

2025 — Launch of Ocean Regeneration – a circular impact model focused on decarbonisation and regeneration

2026 — Achieved B Corporation recertification

What Sets Us Apart

Since the start, it's been our ideals that make us exceptional. In 1991 we set out to forge a unique niche, curating unforgettable trips to the world's natural, cultural and ancient wonders. Our intimate ships carry no more than 130 Expeditioners, fostering camaraderie and easy friendships. Plus, they're able to reach environments larger vessels can't. We're proud to be a Certified B Corporation, offering immersive activities, more time off-ship, and thoughtful enrichment programs as we explore our planet responsibly.

Our Commitment to This Incredible Planet

Responsible travel is central to who we are at Aurora Expeditions. As a Certified B Corporation, we are proud to be part of a global community of businesses that meet high standards of social and environmental performance, transparency and accountability.

The ‘B’ stands for ‘Benefit for All’. It reflects our belief that travel should create positive outcomes not only for our guests, but also for the communities we visit and the environments that inspire our journeys. By forging meaningful connections between people and some of the world’s most extraordinary places, we hope to foster a deeper understanding of why these regions matter and the importance of protecting them.

From supporting scientific research and ocean restoration to embracing innovation and responsible expedition practices, we are committed to continually improving the way we explore. Through our annual Impact Report, we transparently measure and share our progress, helping ensure our ambitions are matched by meaningful action and accountability.

While there is always more to do, our commitment remains unchanged.

Innovation for Exploration

At Aurora Expeditions, a spirit of discovery drives everything we do. Through partnerships with innovators such as CounterCurrent, we’re helping trial new technologies that support smarter navigation and a lower-impact future for expedition travel. On board the *Douglas Mawson*, our partnership with Cleaner Seas Group captures up to 99% of microplastics from laundry systems before they can enter the ocean. From pioneering solutions at sea to embracing more responsible ways of exploring, we’re committed to helping the wild places that inspire our voyages thrive for generations to come.

Restoring Ocean Health

Every Aurora Expeditions guest contributes to positive ocean impact. For each Expeditioner, we fund the planting of one unit of new life in the ocean and the removal of one kilogram of ocean-bound waste. From restoring kelp forests, seagrass meadows and coral reefs to helping prevent plastic pollution at its source, these initiatives support healthier oceans, thriving marine ecosystems and stronger coastal communities.

Science in Action

Through our Citizen Science Program, guests have the unique opportunity to contribute to meaningful research while exploring alongside world-class experts, scientists and expedition specialists. From wildlife encounters and environmental monitoring to supporting ongoing scientific studies, every observation helps expand our understanding of some of the world’s most remote regions. It’s an opportunity not only to witness these extraordinary places, but also to contribute to their future.

For the Love of Wild Places

For 35 years, we’ve been taking travellers to some of the world’s most remote and remarkable destinations, from Antarctica and the Arctic to the subantarctic islands and beyond. As longstanding members of IAATO and AECO, we operate in accordance with the frameworks and best-practice guidelines that help safeguard these extraordinary regions. Through responsible expedition travel, education and conservation-focused initiatives, we strive to foster a deeper appreciation for the natural world and the importance of protecting it.

Get Your Bearings

Antarctica is the world's southernmost continent. It's also the highest, driest, windiest, coldest, and iciest continent, with 98 per cent of its landmass covered in thick ice. But it's also a land full of adventure and raw, natural beauty, which creates experiences that will leave you inspired and changed forever.

Antarctica, Photographed by Sean Scott.

Itineraries and Scheduled Routes

- Spirit of Antarctica
- In Shackleton's Footsteps
- Antarctic Peninsula: Fly the Drake
- South Georgia, Falklands & Antarctic Odyssey
- Across the Antarctic Circle
- Patagonia & Chilean Fjords

Please note: Not all itineraries are shown on the map. Map is not to scale and itineraries are for illustrative purposes only. In the spirit of expedition travel, the exact places we explore in these areas are determined by the Captain and Expedition Leader. Itineraries are only a guide and are subject to change due to additional permitting, weather, sea and other conditions beyond our control.

What's Included

Our inclusions are what most others would consider extras. From shore excursions and charter flights to pre- and post-voyage stays, we'll ensure you're supported every step of the way and equipped for whatever your journey brings. For a full list of inclusions for each expedition, check the itinerary page on our website.

Pre-and post-voyage accommodation*

Pre-voyage sightseeing*

Airport transfers^

Expedition charter flights*

Shore excursions

Professional photographer

Premium drinks package

Relax in our Jacuzzis and sauna

Port, permit and landing fees

Free Starlink wi-fi

Use of Muck Boots during voyage

3-in-1 waterproof expedition jacket

*Available on selected voyages as specified in the itinerary.
^Applicable to passengers arriving on Day 1 of the Aurora itinerary.

You’re in Expert Hands

When you journey with Aurora Expeditions, you’ll embark on the adventure of your life alongside an Expedition Team with a lifetime of experience. With over 100 years of combined experience in the field, our team’s knowledge, passion and dedication to exploratory travel is unparalleled. Few on earth are more qualified to help you to push your boundaries and immerse yourself in some of the most breathtaking locations on the planet.

Learn from some of the greatest minds and specialists – naturalists, marine biologists, geologists, historians, ecologists, glaciologists, ornithologists, climatologists and many more.

With our small-group approach to big adventures, we offer a high ratio of Expedition Team members to Expeditioners (approximately one to seven), and safety is our highest priority.

E-Team, Antarctica, Photographed by Matt Horspool.

Going Solo

There’s nothing like the freedom of solo travel. With Aurora Expeditions you can set off on your own terms, discovering the world’s most remote and majestic destinations with a community of like-minded travellers and Expert Guides.

Our small, intimate ships foster easy connections. And our landings and activities are conducted in small groups, allowing you to explore at your own pace, or surround yourself with others who share your passion for nature and discovery.

Go Solo and Save

Right now, solo expedition travel is more accessible than ever with dedicated solo cabins across each ship.

Astrolabe, Antarctica, Photographed by Tyson Mayr.

Activities That Put You in the Action

The real adventure happens off-ship. Our expeditions are all about maximising opportunities for you to get out and explore our destinations hands-on.

We offer a comprehensive activity program led by experienced Activity Specialists who are dedicated to making each experience action-packed and immersive in the natural environment.

Some activities are included in your expedition, while others are optional and cost extra. Select activities need to be booked in advance.

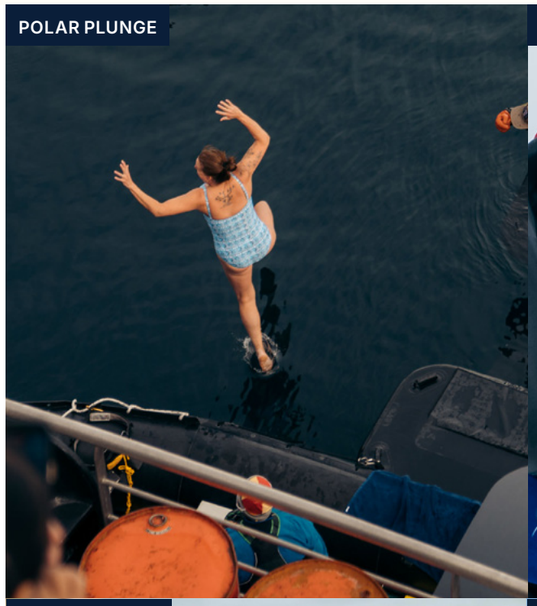

There are activity options for everyone, regardless of experience or skill level. And there is always the opportunity to try something new. How you experience each destination is entirely up to you.*

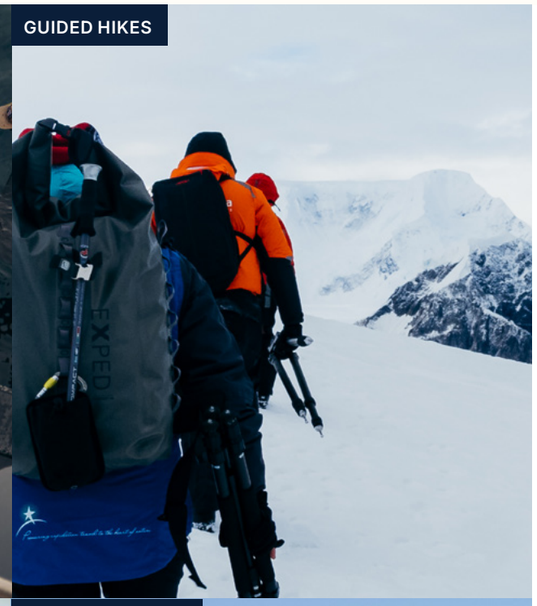

**All our landings, adventures and activities are subject to weather conditions, and activity options do vary by itinerary.*

Ski Touring in Antarctica, Photographed by Antar Machado.

Included Activities

Our expeditions are designed to put you in the action as much as possible. To help you get the most out of your time in the incredible destinations we visit, we offer a range of included activities as part of your voyage.

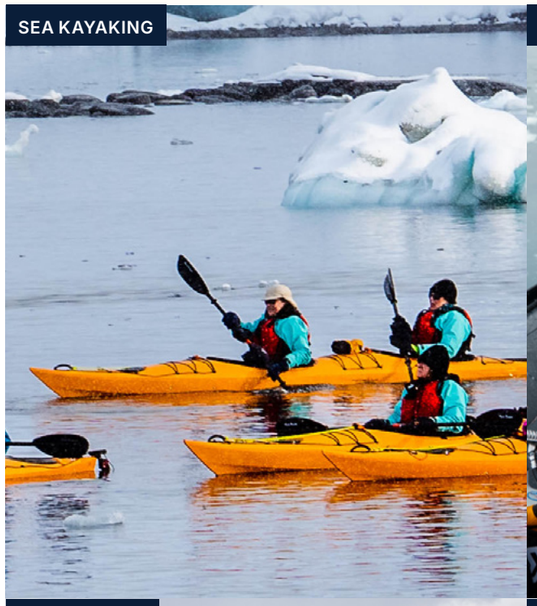

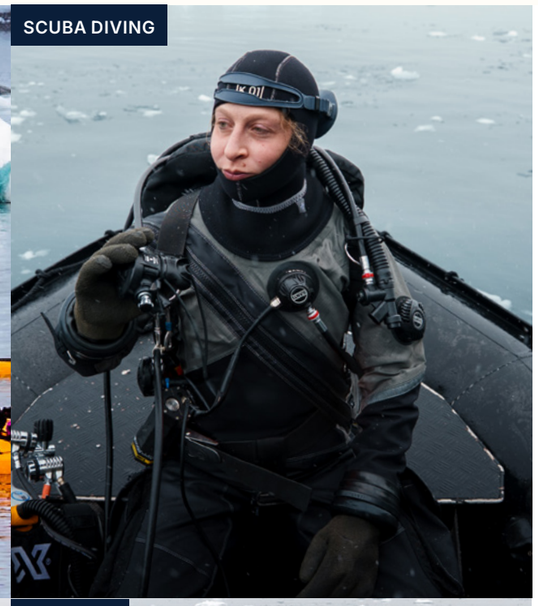

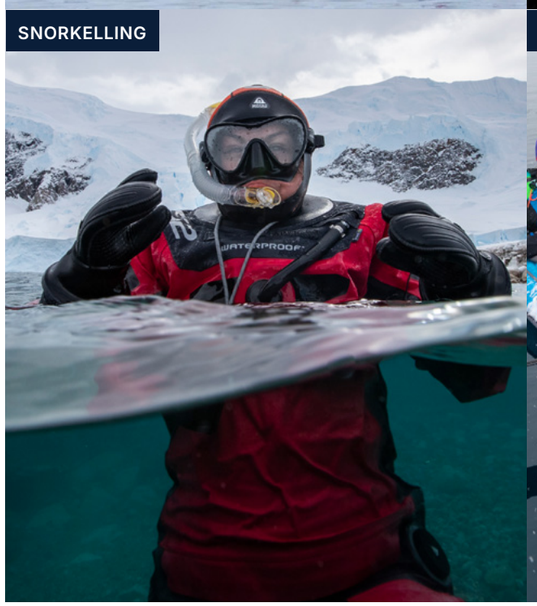

Optional Activities

Your expedition can be as active as you want. We offer an unrivalled array of activities so you can reach new limits and make your journey the trip of a lifetime. Choose from a large selection of optional activities led by our professional and passionate Activity Specialists.

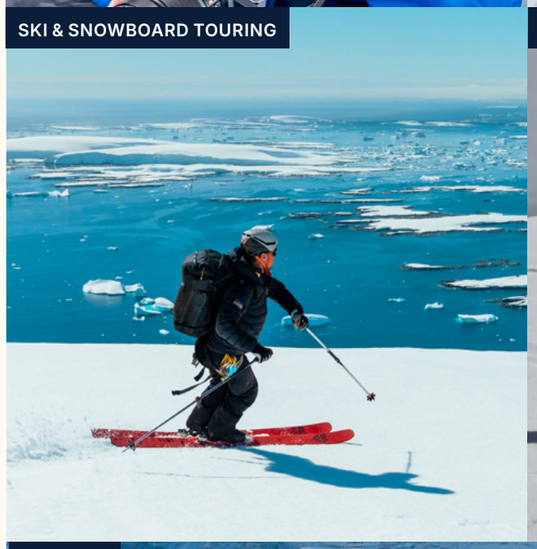

Please note: All activities are subject to appropriate weather and sea conditions.

GUIDED PHOTOGRAPHY

SHACKLETON'S CROSSING

SKI & SNOWBOARD TOURING

SNOWSHOEING

CAMPING

Please note: All activities are subject to appropriate weather and sea conditions.

Antarctica Active Itineraries: Get Deeply Immersed

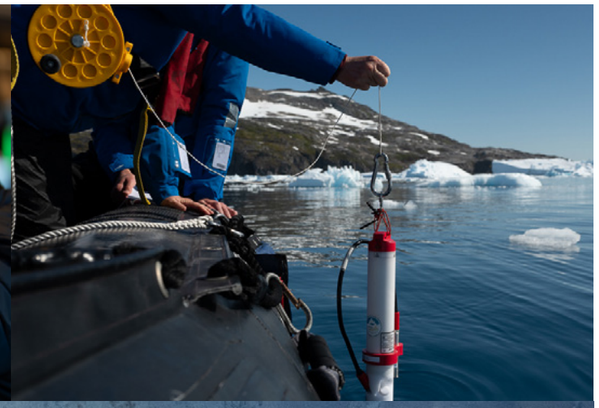

Each day will bring new discoveries, with the flexibility for you to experience all-inclusive activities such as paddling, camping, snowshoeing and snorkelling, guided by our highly skilled Activity Specialists. Visit pages 36–39 for more information.

Please note: For safety and operational reasons, participation in activities is dependent on participants meeting specific inclusion criteria, and the slots available for each activity. All activities are subject to weather, ice and other conditions.

“Our goal is literally to inspire a network of hope — one place, one community, one vision at a time — but together around the world.”

— Dr Sylvia Earle, oceanographer, marine biologist and explorer.

Enrichment & Education

Aboard our expeditions, we offer the chance to pique your curiosity, expand your knowledge and enrich your understanding of the places we explore.

Expert Lectures & Presentations

As you discover picturesque vistas and unforgettable wildlife, you’ll also gain in-depth insights into the nature and history of the surrounding landscapes and the culture of local peoples.

Whether you’re enjoying a guided hike, Zodiac cruise, special activity or joining the team in the lecture theatre, our Expedition Team offers educational and entertaining presentations in the fields of glaciology, biology, geology, birding, local culture, history, photography and so much more.

Special Guests

In addition to our experienced Expedition Team, we’re pleased to welcome a range of special guests across our upcoming Antarctic expeditions – experts in the fields of photography, art and conservation, to name a few. Our special guests aim to enrich your adventure by sharing their unique perspectives, insights and experiences.

Our goal is to leave you inspired by and invested in the environments, wildlife and people you encounter on your expedition. In the end we hope you are richer in knowledge and understanding of our planet than you were when you stepped on board.

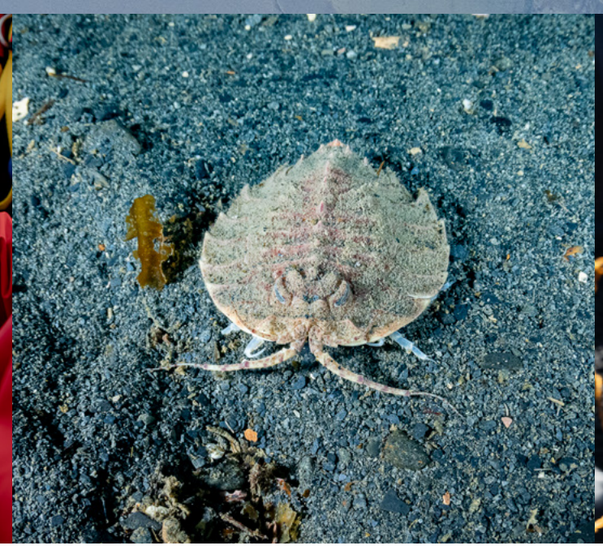

Citizen Science

Our Citizen Science Program will allow you to deepen your connection to the natural world by making a difference in the field, alongside our experts. Your participation helps us to help provide invaluable data to the scientific community. You too can become an ambassador for the protection of our majestic but fragile blue planet, by sharing what you have learned when you return home.

From the biggest mammals to the smallest marine creatures, the important part you play in our Citizen Science projects will help protect and preserve the planet for generations to come.

Special Edition

Expeditions

We’re pleased to present a collection of Special Edition Expeditions focusing on a variety of unique themes and interests. Each expedition has been specially designed to offer unique insights and perspectives as you explore the calving glaciers and iridescent icebergs of Antarctica, from a focus on photography, activities and science, to our all-new women-only and documentary voyages.

LEFT: Zodiac and iceberg, Antarctica, Photographed by Matt Horspool. RIGHT: Zodiac and iceberg, Antarctica, Photographed by Daniel Kilian.

In This Collection...

Through the Lens: Photography Expeditions

Embark on our Photography Expeditions, where you'll capture the world's wonders alongside some of the finest photographers on the planet. Our photographers will teach you the tricks of the trade, whether you're wielding professional gear or snapping shots on your smartphone. Enjoy extended opportunities for breathtaking shots, from specially designed Zodiac cruises to immersive onshore excursions, where every moment becomes an invitation to create. Our multiple award-winning photographers will inspire you with their passion, sharing their insights through onboard presentations and off-ship guidance.

All Inclusive Activity Expeditions

Experience the wonders of Antarctica on a deeper level, on our activity-packed sailings. These expeditions are designed to put you in the action, with a suite of all-inclusive activity options. Sample our paddling, camping, snowshoeing and snorkelling activities – experiencing nature and the stunning surroundings from a completely different perspective. These expeditions offer more ways to immerse yourself in the majestic scenery, more chances for unexpected discoveries and more moments to stir the soul.

Women-Only Expeditions

These expeditions are crafted for adventurous women who share a passion for exploration and a desire to connect with like-minded travellers. Aboard our intimate small ships, with no more than 130 Expeditioners, you'll find a relaxed, friendly atmosphere that makes it easy to forge friendships and create lasting bonds. These special journeys, hosted on the *Sylvia Earle*, will be led by an all-women Expedition Leadership Team and enriched by an inspiring line-up of lecturers, special guests and speakers. Join a community of remarkable women, each bringing their own unique spirit to these unforgettable voyages of discovery and connection.

Whale Migration Expeditions

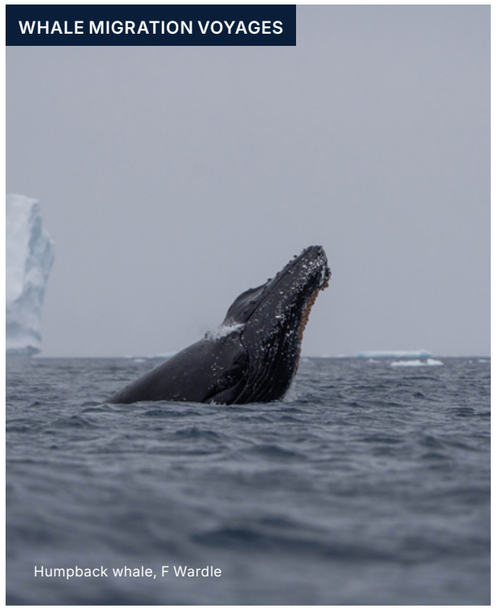

Experience the awe of watching whales in the wild, and understand the science behind their behaviour. Led by marine biologists and/or naturalists, Expeditioners observe whales up close, while gaining insights into their migration patterns, communication, feeding behaviours, and social structures through lectures, guided observation, and onboard research activities. Witness real-time behaviours from the Zodiacs or the comfort of our vessel.

Behind the Lens: Documentary Expeditions

Join renowned wildlife documentary presenters, filmmakers, producers and storytellers on these extraordinary voyages. Hear untold stories, discover what happens behind the camera, and share unforgettable moments alongside the people who have dedicated their lives to capturing the wonders of our planet.

New Scientist Discovery Tours

New Scientist Discovery Tours is known for its amazing, science-filled tours, cruises and expeditions, all inspired by the journalism of *New Scientist*, the world's most popular weekly science and technology publication. Now, in partnership with Aurora Expeditions, New Scientist Discovery Tours is setting sail to the polar regions to provide breathtaking and illuminating travel experiences that combine the extraordinary natural surroundings with a focus on science and discovery. Enjoy a vibrant program of expert-led talks, workshops, shore visits and Zodiac cruises, covering topics from polar science (including glaciology and marine biology) to the big-picture questions about life, the universe, and what it means to be human. Designed for curious minds to travel with kindred spirits.

SPECIAL EDITION

Antarctica: Through the Lens

Photography Expedition, Antarctic Peninsula | 11 Days

Early Antarctic explorers returned from their voyages to the deep south with tales of a magnificent, ice-covered land teeming with life, and you'll have the opportunity to do the same AND capture it all on your camera. Immerse yourself in the unimaginable beauty of the Antarctic Peninsula, where vast glaciers tumble into the sea, penguins are dwarfed by soaring peaks, and humpback and minke whales feast on abundant krill. Zodiac-cruise in secluded bays and quiet coves filled with brash ice, keep a close watch for the tail flukes of whales as they take a deep dive, and find yourself surrounded by the world's greatest landscapes. This photography-focused voyage is an exceptional opportunity for all photographers, regardless of experience, to capture some of the wildest and most pristine locations in the world with expert guidance.

HIGHLIGHTS

- Photograph enormous glaciers and spectacularly shaped icebergs in various shades of blue
- Experience the changing light of the late Antarctic summer as it delivers stunning sunsets and dazzling backdrops
- This is the perfect time of the season to snap a shot of the tail flukes of whales as they take a deep dive
- Observe porpoising penguins, and seals such as Weddell and crabeaters hauled out on ice floes
- Explore the dramatic landscapes of Antarctica side by side with some of the world's best photographers and enjoy an even more intimate experience

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Ushuaia	11 Days	16 Mar '29-26 Mar '29	APH002D	Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle | D = Douglas Mawson

You can view the full itinerary for each departure date on our website. *In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.*

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3-4	Drake Passage crossing.
	Experience the awe-inspiring immensity of Antarctica, where the sheer magnitude of sea ice and icebergs surrounding the continent lends to some dramatic landscapes. Changing weather and ice conditions make every trip truly unique. Rest assured, our experienced Captain and Expedition Leader, with input from our group of expert photographers, will get you in optimal position to snap your subject matter. Wherever we may roam throughout this magnificent peninsula, the photographic opportunities are limitless.
5-8	This stunning continent appeals to wildlife photographers and landscape photographers alike. Perhaps you'll home in on seals resting on the ice (possibly digesting their latest feed!), whales in their southern feeding grounds, or bustling penguin rookeries. Or perhaps you'll be drawn to the spectacular icy cliffs, or the intriguing historical relics scattered throughout the region. Shore excursions will offer a range of options, from hikes to high vantage points, to wandering along pebbly beaches. Our photography workshops and lectures will help you expand your skills.
9-10	Photograph seabirds as they skim the waters on your return sailing across the Drake Passage to Ushuaia.
11	Disembark in Ushuaia.

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

ACTIVITIES

Zodiac Cruises · Walks & Hikes · Photography · Expert Lectures · Polar Plunge · Birdwatching · Historical Sites · Citizen Science

SPECIAL EDITION

South Georgia & Antarctica: Through the Lens

Photography Expedition, Antarctic Peninsula, Weddell Sea & South Georgia | 20 Days

This photography expedition is a journey into an environment shaped by time, ice, and the relentless forces of nature. Light behaves differently here, painting surreal pastels across the sky at the fading of the southern summer. Wildlife is unafraid and often curious, offering intimate photographic encounters rarely possible elsewhere. This photography-focused voyage is an exceptional opportunity for all photographers, regardless of experience, to capture some of the wildest and most pristine locations in the world with expert guidance. From the dramatic peaks of South Georgia to the cathedral-like silence of Antarctica's frozen wilderness, each day offers new compositions, new light, and new stories to tell through the lens.

HIGHLIGHTS

- This special departure is limited to 100 passengers and 8 passengers per Zodiac, giving you space to work on your photography skills
- Whales abound at this time of year, providing plenty of opportunities for photographers to snap the perfect shot of a fluke or a breaching humpback
- The changing light of the late Antarctic summer will deliver stunning sunsets and dazzling backdrops
- Photograph history frozen in time as we loosely follow the trail of great explorers, but in much more comfort

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Punta Arenas/Ushuaia	20 Days	27 Feb '28–17 Mar '28	ASH005G	Fly/Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle | D = Douglas Mawson

You can view the full itinerary for each departure date on our website.
In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

**Please note that we are flying to one of the most remote places on earth. Safety is our utmost priority and we apologise in advance if any delays occur. Please refer to our terms and conditions for more details.*

OVERVIEW

1	Arrive in Punta Arenas and transfer to your hotel.
2	Fly* to King George Island for embarkation.
3–8	In Antarctica, Zodiac-cruise along spectacular ice cliffs amid iridescent grounded icebergs, keeping watch for whales, seals and porpoising penguins. While ashore, wander along pebbly beaches, or perhaps up snow-covered ridgelines rewarding you with magnificent panoramic views. Embrace the expedition spirit as you forge your way as far as possible into the Weddell Sea. Capture the magic of the Weddell Sea, renowned for its massive tabular icebergs and sea ice mosaics, which attracts an abundance of wildlife, including crabeater seals, Weddell seals and seabirds.
9	Today we set a course for Elephant Island, the lonely outpost where 22 of Shackleton's men survived several winter months, sheltering under two upturned boats.
10–11	At sea.
12–15	In South Georgia, marvel at some of the world's largest king penguin colonies, blanketing the beaches. Photograph jaw-dropping landscapes at every turn, embark on exhilarating hikes to be rewarded with stunning vistas, and learn about Shackleton's epic tale.
16–19	Photograph seabirds as they ride the wind and skim the waters on your return sailing to Ushuaia.
20	Disembark in Ushuaia.

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

SPECIAL EDITION

NEW

South Georgia & Antarctica Active: All Inclusive Activities

Antarctic Peninsula & South Georgia | 21 Days

On this activity-packed sailing, discover the wonders of South Georgia and Antarctica from a deeper, more immersive perspective. Alongside classic Zodiac excursions and guided walks, enjoy a variety of included activities designed to bring you closer to these extraordinary landscapes. In South Georgia, embark on the Shackleton Walk, where you'll retrace a tiny part of Shackleton's arduous crossing of the island on foot. Strap on snowshoes for a gentle hike through spectacular scenery, with breathtaking views at every turn. In Antarctica, paddle among icebergs in protected bays or slip into a drysuit and perhaps glimpse wildlife close up. For an unforgettable overnight adventure in Antarctica, spend a night camping on the ice.

HIGHLIGHTS

- An activity-filled voyage for adventurous expeditioners who want to sample a suite of our renowned activities
- Early season brings much activity with beaches teeming with wildlife jostling for space
- Learn about Antarctic wildlife, geology, glaciology and the history of exploration from our deeply knowledgeable Expedition Team, who are experts in their chosen field
- Walk in the footsteps of legends in South Georgia

DATES

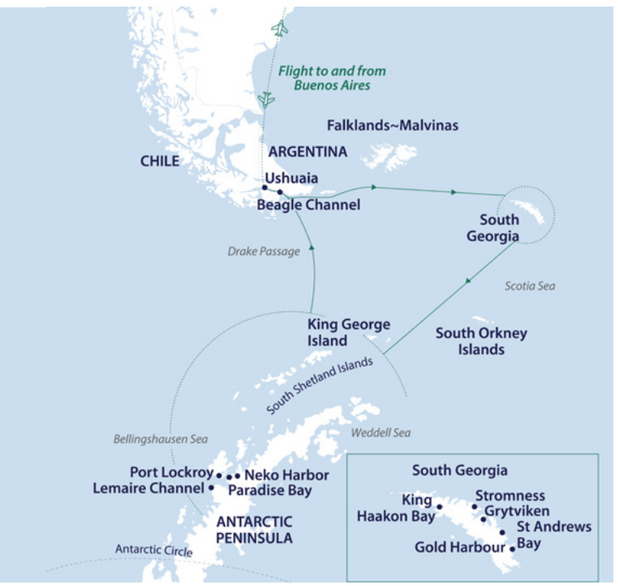

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Buenos Aires/Buenos Aires	21 Days	31 Oct '28-20 Nov '28	ACS001G	Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle | D = Douglas Mawson

You can view the full itinerary for each departure date on our website.
In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

OVERVIEW

1	Arrive in Buenos Aires and transfer to your hotel.
2	Fly to Ushuaia and embark the ship.
3-6	At sea towards South Georgia.
7-9	In South Georgia, marvel at some of the world's largest king penguin colonies. Walk along beaches brimming with fur seals, elephant seals and curious penguins. Photograph jaw-dropping landscapes, embark on exhilarating hikes and learn about Shackleton's epic tale. Experience unspoiled Antarctic wildlife up close – creatures that are equally as curious about you as you are about them.
10	We may have one final excursion this morning before setting sail for the Antarctic Peninsula.
11-12	At sea, sailing towards the Antarctic Peninsula.
13-18	With so many activities and excursions on offer, it may be hard to choose how you spend your days. Paddle across calm waters, don your snorkelling gear and take a peek under these waters, strap on your snowshoes and hike to lookouts to photograph the magnificent scenery. Perhaps spend a night camping on shore for a deeper connection in the stillness of an Antarctic night. With extra time for exploration, we plan to show you our favourite spots across the peninsula and possibly discover new favourites along the way.
19-20	Drake Passage crossing.
21	Disembark in Ushuaia, fly to Buenos Aires.

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

ACTIVITIES

Zodiac Cruises · Walks & Hikes · Photography · Expert Lectures · Polar Plunge · Birdwatching · Historical Sites · Citizen Science · Camping · Snowshoeing · Snorkelling · Paddling

*Please note that for safety and operational reasons, participation in activities is dependent on participants meeting specific inclusion criteria, and the number of available slots within limited group sizes for each activity. All activities are subject to weather, ice and other conditions.

SPECIAL EDITION

Antarctica Active: All Inclusive Activities

Antarctic Peninsula | 14 Days

On these activity-packed sailings, you will experience the wonders of Antarctica on a deeper level. Not only will you enjoy Zodiac excursions and guided walks offered on all our voyages, you will also paddle among icebergs in protected bays and perhaps glimpse wildlife close up. Step into your snowshoes for a gentle hike, where breathtaking views await. For the ultimate overnight adventure in Antarctica, you can opt to camp on the ice. We can't guarantee a good night's sleep, but we can guarantee memories will be made!

HIGHLIGHTS

- An activity-filled voyage for adventurous Expeditioners who want to sample a suite of our popular activities
- Enjoy early season sightings of whales
- Witness the sublime beauty of the Antarctic Peninsula in its near-pristine condition, in the early part of the season
- Watch busy penguins scurrying about their colonies, building or tending to their nests

SPECIAL EDITION

Spirit of Antarctica: In Partnership with New Scientist Discovery Tours

Antarctic Peninsula | 11 Days

Embark on an adventure to the Antarctic Peninsula with like-minded travellers (curious-minded, that is!), in partnership with New Scientist Discovery Tours. Embrace the spirit of polar exploration on this classic expedition to the white continent. During our crossings of the famed Drake Passage, enjoy educational lectures and workshops in our science centre, admire soaring seabirds, or perhaps just get to know your fellow seafarers and expert Expedition Team. Once you arrive on the white continent, you will be dazzled by icy landscapes and fascinating wildlife.

HIGHLIGHTS

- Gain a deeper understanding of Antarctica on this special departure
- Clear, pristine conditions allow for postcard-perfect photographs
- Observe busy penguin colonies building their nests and perhaps catch a glimpse of penguin chicks as they hatch
- Immerse yourself in polar science workshops with a marine biologist

ACTIVITIES

Zodiac Cruises | Walks & Hikes | Photography | Expert Lectures | Polar Plunge | Birdwatching | Historical Sites | Citizen Science | Snowshoeing* | Camping*

*Optional activities available on select voyages, at additional cost.

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Ushuaia	11 Days	03 Dec '27–13 Dec '27	ANP185D	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

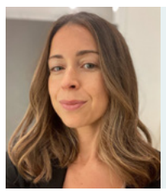

Travel with Marine Biologist & Oceanographer, Dr Russell Arnott

With a master's degree in oceanography and a PhD in marine biology, Dr Russell Arnott's work and research has taken him all over the world. With a passion for public engagement and education, Russell is a director of Incredible Oceans.

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3–4	Cross the Drake Passage to the Antarctic Peninsula.
	Welcome to Antarctica, the largest wilderness area on earth. Only about two per cent of the total landmass is ice free (as mountains and coastlines), the rest being a vast permanent ice sheet. Immerse yourself in these unforgettable landscapes of Antarctica. With constantly changing weather and sea ice conditions, each day's activities offer an element of spontaneity and surprise. Our highly experienced Expedition Team will design each day's adventures based on what nature presents.
5–8	Sail or Zodiac-cruise past spectacular ice cliffs, hear the orchestra of the ice as it cracks, hisses and pops, visit bustling penguin rookeries, and observe seals on the ice and whales in their southern feeding grounds. Discover historical sites and other intriguing relics scattered across the Antarctic Peninsula. Join the New Scientist Discovery Tours team for a series of talks and chats covering a broad range of polar science and the latest in global scientific discovery. Plus, participate in enlightening and fun hands-on science workshops.
9–10	Return sailing across the Drake Passage to Ushuaia.
11	Disembark in Ushuaia.

You can view the full itinerary for each departure date on our website.
In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

Join Catherine de Lange

Editor of *New Scientist* magazine, award-winning science journalist, and author.

SPECIAL EDITION

Antarctic Explorer: In Partnership with New Scientist Discovery Tours

Sail/Fly Voyage, Antarctic Peninsula | 10 Days

Antarctica stands as one of the last true frontiers of scientific exploration. Harsh, remote, and largely untouched by human development, it offers a unique natural laboratory for understanding earth's past, present and future. This expedition to Antarctica is not merely a journey to the southernmost point on the planet, it is a mission driven by science, discovery, and the urgent need to understand our changing world. With our own expert Expedition Team and New Scientist Discovery Tours team on board, travel with a deeper understanding of Antarctica, and the world.

HIGHLIGHTS

- Experience dynamic, field-based learning with our team of experts
- Observe penguin colonies, seals and whales while learning how these species serve as indicators of environmental change and ecosystem health
- Join expert-led science talks, workshops and hands-on educational activities

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Punta Arenas	10 Days	31 Jan '28–09 Feb '28	AEP057D	Sail/Fly

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

Join this voyage with the New Scientist Discovery Tours team

Aurora Expeditions has teamed up with New Scientist Discovery Tours to deliver experiences where you will not only explore the breathtaking scenery and wildlife, but also enrich your understanding through expert-led talks, workshops and floating safaris. A perfect partnership for anyone who is driven by curiosity.

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3–4	Cross the Drake Passage to the Antarctic Peninsula.
	Over the coming days, Zodiac-cruise past towering ice cliffs and witness firsthand the physical forces shaping Antarctica's landscapes. Listen to the ice crack, shift and breathe – an acoustic reminder of a changing planet. Visit active penguin colonies, observe seals resting on drifting ice floes, and scan the horizon for whales in their nutrient-rich feeding grounds. Along the way, delve into the science behind what you see.
5–8	Join the New Scientist Discovery Tours team for a series of engaging lectures, informal discussions, and interactive workshops. Topics span a wide spectrum of polar research – from glaciology, marine biology and atmospheric science, to global climate systems and Antarctic conservation policy. Participate in hands-on science activities designed to bring polar research to life, deepening your understanding of how Antarctica influences – and is influenced by – the rest of the world. This is more than a journey to the bottom of the world; it's a unique opportunity to experience Antarctica through the lens of scientific discovery.
9	At King George Island, board your charter flight* to Punta Arenas, enjoying a final night in town.
10	Transfer to the airport for your onward journey.

You can view the full itinerary for each departure date on our website.
In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

**Please note that we are flying to one of the most remote places on earth. Safety is our utmost priority and we apologise in advance if any delays occur. Please refer to our terms and conditions for more details.*

Antarctica: Behind the Lens

Documentary Makers Series Expedition, Antarctic Peninsula | 11 Days

You've seen Antarctica through their lens. Now experience it alongside them. Welcome aboard for a special edition Antarctic expedition exploring the stories, encounters and extraordinary moments behind a career documenting the natural world. Across the voyage, hear stories from the field about how some of their most memorable sequences were captured, offering a rare insight into what it takes to document the world's wildest places..

HIGHLIGHTS

- Be inspired by insightful lectures and engaging storytelling sessions led by acclaimed documentary-makers.
- Enjoy lengthy hours of daylight when the sun barely dips below the horizon, giving you extended time for exploration.
- Observe penguin chicks as they remain close to their colonies, not yet ready to take their first swim.

ACTIVITIES

Zodiac Cruises, Walks & Hikes, Photography, Expert Lectures, Polar Plunge, Birdwatching, Historical Sites, Citizen Science, Sea Kayaking*, Snorkelling*, Paddling*, Scuba Diving*

*Optional activities available on select voyages, at additional cost.

Join Wildlife Filmmaker & Naturalist, Ian McCarthy

UK-based Ian has worked as a wildlife filmmaker for over 30 years, mostly for the BBC Natural History Unit. In that time, he's filmed many David Attenborough series' such as Life In The Freezer, Planet Earth, Blue Planet and Frozen Planet.

SPECIAL EDITION

NEW

Gentle Giants of the Antarctic: A Whale's Tale

Antarctic Peninsula | 11 Days

Join us for an expedition focused on giving you the best chances to see whales in Antarctica, and likely one of the most awe-inspiring wildlife experiences of your life! The late summer is peak time for the whales, as they migrate to feed on krill blooms as the sea ice retreats. Perhaps you'll be treated to a display of the acrobatics of the humpback, or perhaps to the excitement of fellow passengers and your Expedition Team, as you spot the iconic fin of the minke whale. You might spot a pod of orcas hunting, a show of how impressive and cruel nature can be.

HIGHLIGHTS

- Explore Antarctica in late summer, the perfect time for whales to visit, with less human traffic and plentiful krill
- Observe penguin chicks exploring their independence and taking to the sea, sometimes with predators waiting patiently nearby
- Join the exclusive polar plunge club and jump into the beautiful Antarctic waters

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Buenos Aires/Buenos Aires	11 Days	14 Mar '29–24 Mar '29	AWP001G	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

Add Sea Kayaking

With a small group of kayakers, led by experienced guides, glide through brash ice, and paddle past whales and curious crabeater seals. As places are limited, ask your consultant about reserving your spot. Prior kayaking experience required.

OVERVIEW

1	Arrive in Buenos Aires and transfer to your hotel.
2	Fly to Ushuaia for embarkation.
3–4	Cross the Drake Passage to the Antarctic Peninsula.
5–8	Immerse yourself in the extraordinary world of Antarctica in March, when whale behaviour takes centre stage as the austral summer draws to a close. In these nutrient-rich southern waters, whales make the most of the remaining feeding season, offering remarkable opportunities to observe their natural behaviours in the wild. Watch humpback whales surface to breathe, dive and feed, their powerful flukes lifting above the water as they descend into the depths. Look for the sweeping movements of bubble-net feeding, the playful curiosity of whales approaching the vessel, and the social interactions that unfold at the surface. You may also encounter minke or fin whales travelling through the icy channels, each encounter offering a glimpse into the lives of these magnificent animals. Sail past towering ice cliffs, listen to the ice crack, hiss and pop, explore penguin rookeries and spot seals resting on ice floes. Yet it is the whales, feeding, diving, socialising and preparing for the journey ahead, that may leave the most lasting impression of your Antarctic adventure in March.
9–10	Return sailing across the Drake Passage to Ushuaia.
11	Disembark in Ushuaia, fly to Buenos Aires.

You can view the full itinerary for each departure date on our website.
In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

SPECIAL EDITION

Antarctic Women's Expedition: Spirit of Antarctica

Women-Only Voyage, Antarctic Peninsula | 11 Days

Antarctica – vast, untouched and ever-changing – is one of the few places where nature leads and humans follow. In this dynamic environment, we come together not just to witness the beauty of icebergs, penguins and whales, but to engage deeply with the science, history, and environmental questions facing our planet today. This women-only Antarctic expedition aboard the *Sylvia Earle* is more than a journey to the southernmost continent: it's a celebration of curiosity, resilience and the unique perspectives women bring to exploration, science and leadership.

HIGHLIGHTS

- Celebrate women in conservation on board our *Sylvia Earle* expedition ship, with fellow female travellers
- Enjoy a range of excursion options for all fitness levels and interests, from leisurely walks to strenuous hikes, Zodiac cruises, and additional water-based activities
- Join the exclusive polar plunge club and jump into the beautiful Antarctic waters, warming up afterwards in the sauna or Jacuzzi
- Witness the beauty of nature as we sail at the peak time for whale activity, particularly humpbacks

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3–4	Cross the Drake Passage to the Antarctic Peninsula.
5–8	Immerse yourself in the unforgettable landscapes of Antarctica. Whether it's your first polar expedition, fulfilling a long-held dream, or both, this Antarctic journey is about shared purpose, lifelong connections and experiencing the wildest place on earth – together. In this great wilderness, nature sets the pace for our adventures. With constantly changing weather and sea ice conditions, each day's activities offer an element of spontaneity and surprise. Zodiac-cruise through iceberg fields, take a walk along penguin-populated shores, listen to the cracking and shifting of nature's icy landscape. Participate in daily talks and workshops on polar science, climate change, marine ecosystems, and Antarctic history – led by women who are leaders in their fields.
9–10	Return sailing across the Drake Passage to Ushuaia.
11	Disembark in Ushuaia.

Led by Remarkable Women

Aurora Expeditions is proud to work with multiple women with many years of experience working in and exploring the polar regions. To celebrate these extraordinary pioneers, this voyage will feature women in the expedition leadership roles. You will be awestruck by their passion and knowledge, which they look forward to sharing with you.

Antarctica

Enter a world of towering peaks, jagged mountain ranges and endless ice, where every turn reveals another breathtaking Antarctic scene.

Step ashore on the seventh continent and come face to face with iconic wildlife, from bustling penguin colonies and curious seals to whales surfacing in the icy waters.

Cruise alongside colossal tabular icebergs, navigate dramatic channels, and discover traces of human history at remote sites — including the southernmost post office in the world.

With its extraordinary landscapes and abundant wildlife, the Antarctic Peninsula offers an unforgettable introduction to the wonders of Antarctica.

Spirit of Antarctica

Antarctic Peninsula | From 11 Days

Embrace the spirit of polar exploration on this classic expedition to the white continent. Sail across the famed Drake Passage in both directions, admiring spectacular seabirds and approaching Antarctica as the explorers of old did – by sea. Search for wildlife on a Zodiac cruise, aim to set foot on the continent, participate in your selected adventure activity and perhaps camp under pastel polar skies. This is the quintessential Antarctic voyage for adventure lovers.

HIGHLIGHTS

- Hone your ice and wildlife photography skills
- Search for orcas and minke whales in the icy bays
- Depending on what time of the season you travel, observe busy penguin colonies building their nests, perhaps catch a glimpse of penguin chicks as they hatch, or later on in the season, testing their independence and taking to the water
- Take a plunge into the icy waters to join an exclusive club

Across the Antarctic Circle

Antarctic Peninsula, Antarctic Circle | From 12 Days

Venturing below the Antarctic Circle is about more than just earning bragging rights. It is the chance to enter a different world that is rarely seen, and with its great swathes of pack ice and dreamlike icebergs, it feels more isolated and colder than farther north. Thread through narrow channels where scenes of ice-clad mountains, whales feeding and lively penguin colonies, become lasting memories.

HIGHLIGHTS

- Experience a toast at the Antarctic Circle, 66°33′ S (conditions permitting)
- Enjoy a splendour of wildlife activity as birds, seals and whales race to fatten up for winter
- Visit fascinating historical sites
- Zodiac-cruise with the hope of spotting leopard and crabeater seals

Join Special Guest Ken Whiting on ANC028G, 29 Jan 2028 departure

Ken Whiting, former world champion whitewater kayaker, author, television host and paddlesports expert, and will be joining us to share his expert tips, as well as tales of his achievements. There is a limited number of spots on our sea kayaking program. Pre-booking and experience are required.

Antarctic Explorer

Sail & Fly Voyage, Antarctic Peninsula | From 9 Days

Early Antarctic explorers returned from their voyages to the deep south with tales of a magnificent, ice-covered land teeming with life. Experience the awe-inspiring immensity of Antarctica and immerse yourself in the unimaginable beauty of the Antarctic Peninsula, where vast glaciers tumble into the sea, penguins are dwarfed by soaring peaks, and humpback and minke whales feast on abundant krill. Reduce your time on the high seas by flying one way across the Drake Passage.

HIGHLIGHTS

- See and hear the bustling activity of a penguin city
- Try to spot leopard seals on ice floes from our Zodiacs
- Zodiac-cruise in search of feeding and breaching whales
- Fly over the Drake Passage in one direction

Antarctic Peninsula: Fly the Drake

Antarctic Peninsula | 8 Days

Separating South America from the Antarctic Peninsula, the Drake Passage tests the skills of the most experienced navigators. On this voyage, avoid sailing the notoriously choppy passage by flying over it in both directions – a great way to reach the white continent if you are prone to seasickness. In the safe hands of experienced pilots, your pulse will quicken as you glimpse your first icebergs in the Southern Ocean, where your vessel awaits, ready to take you on an exhilarating adventure.

HIGHLIGHTS

- Soar over the Drake Passage in both directions, soaking in the splendour of the icy scenery below
- Enjoy lengthy daylight hours as the sun barely dips below the horizon, giving you more time to explore
- See fluffy juvenile penguins preparing for independence

DATES

OVERVIEW

1	Arrive in Punta Arenas and transfer to your hotel.
2	Fly* to King George Island for embarkation.
3–6	It is almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the freshest, crispest air on earth is an experience that will stay with you forever. In this great wilderness, nature sets our pace. Changing weather and ice conditions make every trip truly unique. Cruise by spectacular ice cliffs and observe seals on the ice, whales in their southern feeding grounds and visit bustling penguin rookeries. Discover historical sites and other intriguing relics scattered across the Antarctic Peninsula.
7	At King George Island, board your charter flight* to Punta Arenas, enjoying a final night in town.
8	Transfer to the airport for your onward journey.

Add Santiago & Valparaíso Explorer

In a valley surrounded by the Andes, Santiago is an easy stopover that offers superb scenery and local cuisine. In Valparaiso, a UNESCO World Heritage Site, explore the vineyards and behold the creative energy of vibrant street art, and panoramic views of the Pacific Ocean.

*Optional activities available on select voyages, at additional cost.

Across the Antarctic Circle: Fly the Drake

Antarctic Peninsula, Antarctic Circle | 11 Days

Venturing below the Antarctic Circle is about more than just earning bragging rights. It is the chance to enter a different world that is rarely seen, and with its great swathes of pack ice and dreamlike icebergs, it feels more isolated and colder than farther north. Thread through narrow channels where scenes of ice-clad mountains, whales feeding and lively penguin colonies, become lasting memories.

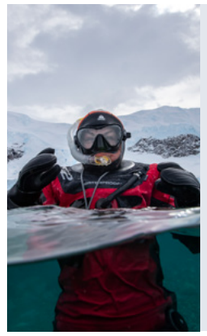

HIGHLIGHTS

- Experience a toast at the Antarctic Circle, 66°33′ S (conditions permitting)
- Enjoy a splendour of wildlife activity as birds, seals and whales race to fatten up for winter
- Visit fascinating historical sites
- Zodiac-cruise with the hope of spotting leopard and crabeater seals

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Punta Arenas/Punta Arenas	11 Days	07 Feb ‘28–17 Feb ‘28	ANC029D	Fly/Fly
Punta Arenas/Punta Arenas	11 Days	06 Feb ‘29–16 Feb ‘29	ANC038S	Fly/Fly

Add Polar Snorkelling

Snorkelling in Antarctica offers an insight into the continent's secret underwater world. With this unique experience, discover the fascinating marine life that call these waters home. As places are limited, ask your consultant about reserving your spot.

OVERVIEW

1	Arrive in Punta Arenas and transfer to your hotel.
2	Fly* to King George Island for embarkation.
3–9	We make our way across the peninsula with the Antarctic Circle as our destination, stopping at various sites en route. The western side of the Antarctic Peninsula is ours to explore and our flexible itinerary allows us to make the most of local conditions to Zodiac-cruise or kayak among the ice, hoping to see whales and other marine wildlife. Set foot on the white continent and its offshore islands to visit penguin rookeries, seal haulouts, historical sites and spectacular viewpoints. As you weave though pack ice and narrow channels, scenes of ice-clad mountains and abundant wildlife in its natural habitat will be etched into your memory for years to come. Raise a toast to mark the occasion as you join a lucky group of adventurers to cross 66°33′ S (approximately), below the Antarctic Circle.
10	At King George Island, board your charter flight* to Punta Arenas, enjoying a final night in town.
11	Transfer to the airport for your onward journey.

You can view the full itinerary for each departure date on our website.

In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

**Please note that we are flying to one of the most remote places on earth. Safety is our utmost priority and we apologise in advance if any delays occur. Please refer to our terms and conditions for more details.*

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

Antarctic Circle in Depth

Antarctic Peninsula, Antarctic Circle | 15 Days

Explore deeper and journey farther, pushing south below the Antarctic Circle. Witness the change in landscape and the shift in wildlife that call this region home, when you venture beyond the northern peninsula. Zodiac-cruise through mirror-like waters and take in scenes of ice-clad mountains. This is a Christmas and new year adventure that you're likely to remember and talk about for many years to come.

HIGHLIGHTS

- Celebrate a white Christmas like no other and new year with like-minded adventurers and new friends
- Witness bustling penguin colonies with chicks hatching as predatory skuas pick off vulnerable prey
- Experience a toast with the crossing of the Antarctic Circle at latitude 66°33′ South (approximately)
- Visit fascinating historic sites including explorers' huts and scientific stations

Southern Antarctic Realms: Circle & Weddell Sea

Antarctic Peninsula & Weddell Sea | 17 Days

Antarctic adventurers will have the opportunity to tick two boxes on their bucket list on this voyage, as we aim to cross the Antarctic Circle and forge a path through the notorious Weddell Sea ice. As you pass spectacular towering cliffs and glittering icebergs down the western side of the Antarctic Peninsula, you may see Adélie penguins and seals resting on ice floes. In the Weddell Sea, under favourable weather and sea ice conditions, be prepared to encounter an unimaginably striking world of icy landscapes. It is an icy realm that few have been fortunate to experience.

HIGHLIGHTS

- Marvel at the dazzling icy landscapes as we forge south
- Raise a glass and toast crossing the Antarctic Circle
- Explore the mind-blowing, icy realm of the Weddell Sea
- Encounter unique ice seals such as leopard and crabeater seals lounging on sea ice

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Ushuaia	17 Days	24 Feb '28–11 Mar '28	ACW002D	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

Add Buenos Aires & Iguazu Falls Explorer

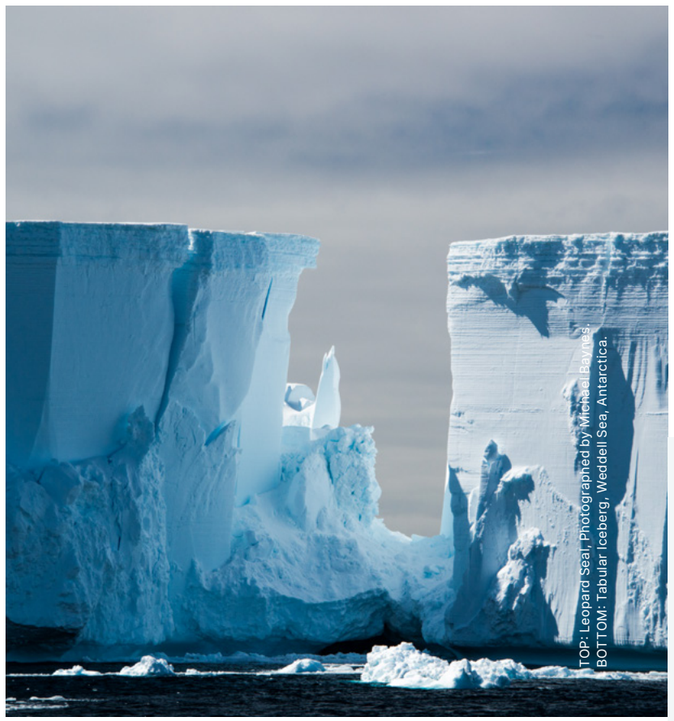

Spend time exploring the metropolitan culture of Buenos Aires and take in the extraordinary natural wonder of Iguazu Falls. This is the ideal package to enhance your adventure after your Antarctic voyage.

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3–4	Drake Passage crossing.
5–14	Be part of a voyage that attempts to explore the most remote and wild parts of this region and gives you more than basic bragging rights. Venturing below the Antarctic Circle, an imaginary line at latitude of 66°33′ S, is a chance to enter a different world that is rarely seen. It feels more isolated and distant than farther north, with great swathes of pack ice and dreamlike icebergs. Thread through the ice and narrow channels, where scenes of whales fattening up on krill, leopard seals patrolling the waters for vulnerable penguins, and snow petrels soaring against a backdrop of ice-clad mountains, abound. As we approach Antarctic Sound, gateway to the Weddell Sea, we hope for favourable weather and ice conditions to grant our good ship entry to its frozen realm. Gaze upon gigantic tabular icebergs the size of skyscrapers as we attempt to push through sea ice in our Zodiacs to land on a beach, where ancient fossils can be found. The abundant ice in the Weddell Sea attracts ice seals such as crabeater, leopard and Weddell seals, which all breed and birth on sea ice. Large numbers of orcas, minke and humpback whales are also commonly seen here, especially at this time of year.
15–16	Sail the Drake Passage.
17	Disembark in Ushuaia.

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

Wild Antarctica Featuring the Weddell Sea

Fly/Sail Voyage, Antarctic Peninsula & Weddell Sea | 11 Days

Famed for its tremendous tabular icebergs, year-round sea ice, fascinating fossils and the pivotal role it played in Shackleton's *Endurance* expedition, the Weddell Sea offers unsurpassed opportunities for exploration. Embark on a true Antarctic expedition as we not only explore the western side of the Antarctic Peninsula, but also attempt to venture east towards the icy perimeter of the Weddell Sea, which is often guarded by impenetrable pack ice and home to awe-inspiring tabular icebergs.

HIGHLIGHTS

- Be awed by the array of wildlife that play and hunt in the Antarctic Sound
- Marvel at gigantic tabular icebergs in the Weddell Sea
- Learn about the incredible fossil-rich volcanic islands from our onboard experts

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Punta Arenas/Ushuaia	11 Days	15 Feb '28–25 Feb '28	ANW012D	Fly/Sail
Punta Arenas/Ushuaia	11 Days	07 Mar '29–17 Mar '29	ANW013D	Fly/Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

Add Paddling

Enjoy an unforgettable experience on the water with coastal paddling in sit-on-top kayaks. These sessions are ideal for those with little to no experience who are seeking a 'lite' kayaking experience.

OVERVIEW

1	Arrive in Punta Arenas and transfer to your hotel.
2	Fly* to King George Island for embarkation.
3–8	In the days ahead, immerse yourself in the unforgettable landscapes of the white continent. From the South Shetland Islands, sail across the Bransfield Strait to the small group of islands that collectively form the Antarctic Sound. The other-worldly landscape of the Antarctic Sound is also known as 'Iceberg Alley'. If sea ice conditions allow, venture east into the Weddell Sea, known for its impressive sea ice and large icebergs. Feel your pulse quicken as vast tabular icebergs pass close by. We aim to land on fossil-rich islands for exploration and to hear from our expert Expedition Specialists. Roam the shoreline near where Adélie, gentoo and chinstrap penguins waddle, and delight in their charismatic antics. Zodiac-cruise in search of seals, whales and their calves. We aim to land on the Antarctic continent and the many islands surrounding the peninsula, to visit historical sites and to experience the unforgettable landscape up close.
9–10	Sail the Drake Passage.
11	Disembark in Ushuaia.

You can view the full itinerary for each departure date on our website.

South Georgia & Falklands~Malvinas

Prepare for one of the planet's most extraordinary wildlife spectacles. On South Georgia, thousands of king penguins gather across wild sandy beaches, while fur and elephant seals crowd the shoreline beneath rugged coves and snow-capped mountains. Keep watch for an incredible diversity of seabirds as you explore this remarkable island, often described as one of the greatest wildlife destinations on earth.

Venture to the windswept Falklands~Malvinas, where rugged coastlines reveal a fascinating military history, and the world's largest colony of black-browed albatross awaits. These remote islands offer an unforgettable combination of wildlife, wild landscapes and human stories.

South Georgia, Falklands & Antarctic Odyssey

Antarctic Peninsula, South Georgia & Falklands~Malvinas | From 20 Days

This voyage encompasses the best of the Antarctic Peninsula and the enchanting wildlife haven of South Georgia. Discover the historical Falklands~Malvinas and stand in awe before the world's largest king penguin colonies in South Georgia. In Antarctica, experience the serenity and grandeur of the most remote place on earth, where penguins nest, whales feed, and captivating seals frolic in ice-speckled seas.

HIGHLIGHTS

- Photograph curious seals as you Zodiac-cruise through glassy waters, dazzled by the iridescent blues of icebergs
- Marvel at enormous king penguin colonies in South Georgia
- Witness beaches lined with elephant seals and Antarctic fur seals

Antarctica Complete

Antarctic Peninsula, Antarctic Circle, South Georgia & Falklands~Malvinas | 23 Days

Experience unparalleled adventure and discovery on your ultimate Antarctic voyage. If you want to see it all, this is the trip for you. Be transported to enthralling subantarctic islands, rich with human history and unique wildlife. Then venture into the deep south of the Antarctic Peninsula, crossing the coveted Antarctic Circle. Zodiac-cruise in vast ice-covered landscapes, visit lively penguin colonies, watch for whales and hear tales of past explorers in this fascinating region.

HIGHLIGHTS

- Step ashore on the Antarctic continent to unforgettable vistas, majestic whales, swooping skuas and curious seals
- Raise a glass as you join an exclusive club of people to cross the Antarctic Circle (conditions permitting)
- Marvel at the world's largest king penguin colonies
- Hike along pebble beaches and climb tussock steps, with unexpected wildlife encounters at every turn

Dr Richard Harris OAM

Join the Australian cave diver who gained fame rescuing young Thai footballers in 2018 aboard our ACO010S departure in 2028.

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3–4	Cross the Drake Passage.
5–10	As you thread through pack ice and narrow channels, ice-clad mountains and abundant wildlife in its natural habitat will be etched into your memory. See penguins moulting and juveniles contemplating their first venture into the ocean. Zodiac-cruise amid grounded bergs, watching for whale blows. Raise a toast to mark the occasion as you join the group of adventurers to cross 66°33′ S, below the Antarctic Circle.
11–12	At sea.
13	At sea/South Georgia.
14–16	You will be captivated by South Georgia's breathtaking scenes: jaw-dropping mountain landscapes and vast king penguin colonies. Zodiac-cruise through bays filled with fur seal pups, and land on beaches to meet elephant seals. Learn of Shackleton's epic voyage of survival, which ended with a traverse of South Georgia.
17	South Georgia/At sea.
18–19	At sea.
20–21	The barren and windswept islands of the Falklands~Malvinas are true wildlife havens, sheltering an impressive diversity of birdlife.
22	At sea.
23	Disembark in Ushuaia.

In Shackleton's Footsteps

Antarctic Peninsula, Weddell Sea & South Georgia | 20 Days

Follow in the footsteps of 'the Boss' on this quintessential polar voyage, from the serene ice of the deep south to the subantarctic wildlife paradise of South Georgia. Experience the Antarctic Peninsula and set foot on the continent before making your way north to the spectacular Antarctic Sound, gateway to the Weddell Sea. Embrace the adventure as you voyage farther east, navigating as far as possible into the Weddell Sea, where Shackleton's *Endurance* met its fate. From here set a course to Elephant Island, the desolate outpost where Shackleton and his men finally made landfall after 497 days at sea. On the final leg of your voyage, follow the course of the *James Caird* across the Scotia Sea to South Georgia, where Shackleton's voyage reached its remarkable conclusion.

HIGHLIGHTS

- Learn about the fascinating history of Shackleton's Endurance expedition, including the 2022 discovery of the shipwreck
- Marvel at enormous tabular icebergs that escape the Weddell Sea into the Antarctic Sound, also known as 'Iceberg Alley'
- Hike from Fortuna Bay to Stromness, repeating the final leg of Shackleton's remarkable traverse of South Georgia (conditions permitting)

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Ushuaia	20 Days	06 Nov '27–25 Nov '27	ASH004S	Sail

OVERVIEW

1	Arrive in Ushuaia and transfer to your hotel.
2	Embark in Ushuaia.
3–4	Cross the Drake Passage to the Antarctic Peninsula.
5–7	In Antarctica, Zodiac-cruise along spectacular ice cliffs amid iridescent grounded icebergs, keeping watch for whales, seals and porpoising penguins. While ashore, wander along pebbly beaches or perhaps up snow-covered ridgelines. Embrace the expedition spirit as you forge your way as far as possible into the Weddell Sea. The Weddell Sea is renowned for its breathtaking tabular icebergs and expansive sea ice, which attracts an abundance of wildlife, including crabeater seals, Weddell seals, and seabirds.
8	Today we set a course for Elephant Island, the lonely outpost where 22 of Shackleton's men survived several winter months, sheltering under two upturned boats.In the afternoon, we set sail towards South Georgia.
9–10	At sea.
11–15	In South Georgia, marvel at some of the world's largest king penguin colonies. Walk along beaches brimming with fur seals, elephant seals and curious penguins. Photograph jaw-dropping landscapes, embark on exhilarating hikes and learn about Shackleton's epic tale.
16–19	At sea.
20	Disembark in Ushuaia.

The Edge of Wild Frontiers: South Georgia & Falkland Islands

South Georgia & Falklands~Malvinas | 17 Days

Steeped in history, the Falklands~Malvinas is also a beacon for bird lovers. Discover an incredible diversity of charismatic penguin species including king, macaroni, rockhopper, Magellanic and gentoo. Watch as black-browed albatross wheel overhead, with 85 per cent of their global population returning to precipitous, craggy bluffs in the Falklands~Malvinas to breed. In South Georgia, jagged peaks and glaciers create a breathtaking backdrop for beaches crowded with elephant and fur seals, and countless penguins. Photographers and adventurers will be thrilled at the rare opportunity to spend extended time ashore in these remote islands teeming with wildlife and rich in tales of battles and resilience.

HIGHLIGHTS

- Photograph the exceptional birdlife in the Falklands~Malvinas
- From the ship, Zodiacs or walking on shore, witnessing the concentration of wildlife on South Georgia is unsurpassed
- Trace the history of Sir Ernest Shackleton's perilous journey across South Georgia, and, if conditions allow, follow in his footsteps from Fortuna Bay to Stromness
- Learn about the local history and culture that has shaped the Falklands~Malvinas and South Georgia

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Buenos Aires/Buenos Aires	17 Days	27 Feb '29–15 Mar '29	FLK008G	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

You can view the full itinerary for each departure date on our website.
In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

OVERVIEW

1	Arrive in Buenos Aires and transfer to your hotel.
2	Fly to Ushuaia and embark the ship.
3	Sail towards the Falklands~Malvinas.
4-5	The Falklands~Malvinas comprises two large islands (East Falkland and West Falkland), with over 700 islands scattered off the coast. All but seven of these are uninhabited, with windswept coastlines, white sand beaches and crystal-clear water. These beautifully barren islands are true wildlife havens, sheltering an impressive diversity of birdlife, including the largest black-browed albatross colony on earth. The cold, nutrient-rich waters surrounding the islands make this a prime location for spotting marine life.
6	We may have a final landing or Zodiac cruise this morning before setting sail for South Georgia.
7-8	At sea, towards South Georgia.
9-12	You will be captivated by South Georgia's breathtaking scenes: jaw-dropping mountain landscapes and vast king penguin colonies. Zodiac-cruise through bays filled with fur seal pups, and land on beaches to meet elephant seals. Learn of Shackleton's epic voyage of survival, which ended with a traverse of South Georgia.
13-16	Farewell South Georgia and begin the journey home.
17	Disembark in Ushuaia and fly to Buenos Aires.

This map is a guide only and is subject to change due to permitting and regulatory approvals; and weather, sea state and other conditions beyond our control.

Patagonia

Journey to Patagonia, one of earth’s great wild frontiers, where immense and ever-changing landscapes stretch from dramatic glacial fronts to ancient temperate rainforests.

Venture deep into this spectacular wilderness, exploring remote coastlines, fjords and waterways carved by ice, and searching for the remarkable wildlife that calls this region home.

Look for graceful guanacos roaming the mountainsides, elusive pumas moving through the wilderness, and striking Darwin’s rheas across the open plains.

Here, the landscapes are as captivating as the wildlife — and every day brings a new horizon, a new discovery and another reason to venture further.

LEFT: Flamingo, Torres Del Paine, Patagonia, Photographed by Scott Portelli. RIGHT: Hiker in Patagonia.

Glaciers & Fjords of Southern Patagonia

Patagonia & Southern Chile | 11 Days

Shaped by millennia of glacial forces, the Chilean fjords of Patagonia offer one of the world's most spectacular expedition destinations. Navigate a dramatic maze of deep channels and remote valleys framed by towering snow-capped peaks, encountering an extraordinary array of wildlife along the way. Designed for explorers, this voyage combines daily Zodiac excursions and hikes with immersive wildlife encounters and spectacular glacier viewing in one of the most pristine regions on earth.

HIGHLIGHTS

- Explore spectacular Glacier Alley, navigate a maze of fjords by Zodiac, surrounded by towering glaciers, rugged mountains, ancient forests and cascading waterfalls
- Witness the remarkable Pío XI Glacier, one of the world's few advancing glaciers, where immense walls of ice meet the sea in a remote Patagonian wilderness
- Discover Patagonia's wildlife as you Zodiac among remote islands to encounter thousands of Magellanic penguins, dolphins and diverse birdlife

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Punta Arenas	11 Days	28 Mar '27–07 Apr '27	PAT001D	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

You can view the full itinerary for each departure date on our website.

Add Patagonia EcoCamp

Uniquely Patagonian, Cascada EcoCamp offers an environmentally friendly way to experience nature in comfort. Explore Torres del Paine National Park with various short walks showcasing views of Nordenskjöld Lake and Lago Pehoé.

OVERVIEW

1 Arrive in Ushuaia and transfer to your pre-voyage hotel.

2 Embark in Ushuaia and gather on the deck to commence our adventure with spectacular views over Ushuaia and Tierra del Fuego.

3–10 Over the coming days, journey through one of Patagonia's most spectacular wilderness regions. It is a landscape of snow-capped mountains, glacier-fed waterways, ancient icefields, and forested islets scattered across a maze of fjords. Here, towering granite cliffs rise dramatically from the sea while countless waterfalls cascade from hanging valleys carved by millennia of glaciation. This remarkable region, known as Glacier Alley, forms part of a vast UNESCO World Network of Biosphere Reserves (WNBR) that protects the Magellanic subpolar forests. Shaped by the retreat of massive glaciers, these fjords and channels support an extraordinary diversity of wildlife and pristine ecosystems found nowhere else on earth.

Sailing north along Canal Concepción, a maze of interlocking fjords guides us towards the entrance of Pío XI Glacier, which also marks the northernmost point of our voyage. Named in honour of the Pope Pius XI, for more than 80 years this remarkable glacier has been defying expectations and advancing rapidly.

Throughout this journey, witness the rich wildlife of Southern Chile. This includes Chilean dolphins, Peale's dolphins, Magellanic penguins and a variety of bird species. The whole region has a natural beauty that makes it a popular destination for wildlife photography and eco-tourism.

11 Disembark in Punta Arenas.

Patagonia & Chilean Fjords

Patagonia & Southern Chile | 15 Days

Sail the legendary Beagle Channel and marvel at the snow-covered peaks of rugged Patagonia. Zodiac-cruise through fjords flanked by glaciers and watch as the Captain skilfully navigates narrow channels while you keep watch for acrobatic dolphins, penguins and seals. Spend two days hiking and exploring in Torres del Paine National Park, renowned for its majestic granite towers and jaw-dropping landscapes.

HIGHLIGHTS

- Search for marine wildlife in and around the waters of Francisco Coloane Marine Park, declared in 2003 as Chile's first marine conservation park
- Marvel in the dramatic landscape along a dazzling stretch of the famous Beagle Channel, called Glacier Alley
- Enjoy two days exploring the dramatic and rugged scenery of Torres del Paine National Park, famous for its granite towers

DATES

Start | Finish	Duration	Dates	Voyage Code	Type of Voyage
Puerto Montt/Ushuaia	15 Days	24 Oct '27–07 Nov '27	PCF004S	Sail
Ushuaia/Puerto Montt	15 Days	25 Mar '29–08 Apr '29	PCF005D	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle* | D = *Douglas Mawson*

Featuring Torres del Paine National Park

To maximise your time and enjoy all this region has to offer, this voyage features two full days of guided hikes in the park.

OVERVIEW

1–2 Arrive in Puerto Montt and overnight in nearby Puerto Varas before setting sail on Day 2.

3 Spend time exploring the coastline of Tic-Toc Bay, an area renowned for blue whales, marine mammals and seabirds.

4–7 Enjoy the spectacular scenery as we sail through the fjords and channels of northern Patagonia. We sail Moraleda Channel, which separates the mainland from the huge archipelagos of Chonos and Guaitecas. See magnificent Andes peaks such as the Mentolat, Melimoyu and the Maca volcanoes. Scan the waters for the occasional presence of pods of orcas that predate on the numerous South American sea lion colonies located along the coast and forested islands.

Be on deck to watch the Captain skilfully navigate Kirke Narrows to reach Puerto Natales (navigation operations/timings are dependent on tides).

8–9 Spend two days hiking in Torres del Paine National Park, renowned for its majestic granite towers, jaw-dropping landscape and unique wildlife. You will be given the opportunity to choose your hiking difficulty level.

10 Be out on deck to watch the Captain skilfully navigate White Narrows (navigation operations/timings are dependent on tides).

11–14 We travel through a dazzling stretch of the 240-kilometre-long (150-mile)Beagle Channel called Glacier Alley – or 'Avenue of the Glaciers' as it's more elegantly known. Marvel at this string of tidewater glaciers pushing down to the edge of the sea from the enormous Darwin Ice Field. Enjoy the breathtaking scenery, keep watch for the local wildlife, and Zodiac-cruise when conditions allow.

15 Disembark in Ushuaia.

You can view the full itinerary for each departure date on our website.

This itinerary also operates in the reverse direction. In the genuine spirit of expedition travel, this itinerary is only a guide and is subject to change due to additional permitting, weather, sea and other conditions beyond our control.

Our Small Ships

TOP-BOTTOM: *Greg Mortimer* in pack ice, photographed by Tyson Mayr. Aerial image of *Greg Mortimer* photographed by Martin Gregus. Expeditioner in Citizen Science Centre on *Sylvia Earle*, Photographed by Antar Machado.

Our three purpose-built expedition ships form one of the newest expedition fleets in the world, combining innovative design, advanced technology and the capability to take you farther into the world's wildest places.

Beautiful, modern and thoughtfully appointed, our ships offer inviting public spaces and comfortable, well-designed staterooms — giving you a welcoming place to relax, recharge and take in the views between adventures.

Small by design and big on experience, our ships carry no more than 130 expeditioners when exploring the polar regions. This intimate scale means more personal encounters, greater flexibility and a true sense of expedition —on board and ashore.

TOP-BOTTOM: *Douglas Mawson* deck. *Sylvia Earle* photographed by David Jaffe.

Small Ships, Big Adventure

Our Ships' Namesakes

The *Greg Mortimer* honours our founder, legendary explorer and mountaineer Greg Mortimer OAM. The *Sylvia Earle* is named after leading conservationist, marine biologist and oceanographer Dr Sylvia Earle, who was the first person selected as 'Hero for the Planet' by *Time* magazine and is one of the greatest advocates for protecting the world's oceans. Our newest ship, *Douglas Mawson*, is named after Sir Douglas Mawson, a legendary Australian explorer and geologist who was a key expedition leader during the Heroic Age of Antarctic Exploration.

Intimately Sized Yet Hugely Innovative

Venturing to the farthest reaches of the planet, our small ships are able to navigate where others can't, allowing for unparalleled up-close encounters with nature. The Ulstein X-BOW makes sailing smoother and faster, and is built to leave the marine environment undisturbed.

The Perfect Base Camp for Adventure

On board, we offer everything you need to maximise your comfort and relaxation. While these brilliantly designed ships could be a destination in themselves, our primary focus is on showing you the wonders of the outside world through expansive windows, multiple observation decks, and an array of expedition equipment so you can venture off-ship into the local environment as much as possible.

TOP-BOTTOM: Greg Mortimer OAM, Photographed by Adrian Wlodarczyk. Greg Mortimer OAM archival image. Sylvia Earle, Photographed by Todd Brown. Sir Douglas Mawson resting on sled.

Our Onboard Experience

Staterooms Designed for Maximum Comfort

Feel at home in the comfort of our spacious and well-appointed staterooms or suites. Choose from a range of configurations and features to suit every traveller, with dedicated single cabins across all our ships.

Every stateroom or suite features an ocean view and nearly all include balconies. Beautifully appointed, they showcase a simple, neutral colour palette taking inspiration from nature. They are designed to ensure your onboard comfort and even include heated bathroom floors for comfort in the polar regions.

Relaxed & Friendly Dining Options

Dine and meet new friends in our informal restaurants, enjoying our responsibly sourced farm-to-table food offerings. Our general dining room offers buffet-style breakfast and lunch, and an à la carte dinner service, with chefs crafting different menu options for each meal. We also have speciality restaurants on our ships, which feature a unique dining menu, including the *Greg Mortimer's* Tuscan Grill and the *Sylvia Earle's* Rockhopper restaurants.

For early risers, don't miss out on our pastries, coffee and tea in the lecture theatre. Plus, try the latest cocktails and share drinks with newfound friends at one of our bars, with multiple locations, including the observation deck as well as the brand-new pool bar on the *Douglas Mawson*.

Go Solo

Our social and welcoming atmosphere on our small ships makes for an ideal experience for solo travellers. To support your solo travel adventures, we offer up to 10 dedicated solo cabins on every sailing, with no single supplement.

Exploration in Comfort

Our Onboard Amenities

Our onboard amenities create an ideal base camp for adventure and discovery. The atmosphere on our ships is intimate and relaxed, so you can mingle with like-minded travellers and make new friends – whether you are enjoying extraordinary views on deck or indulging in our wellness spaces.

VIEW the incredible landscapes and wildlife through floor-to-ceiling windows that face every direction. Find a spot on the vast outside decks, or the dedicated observation areas. Aboard the *Greg Mortimer*, we also have unique viewing platforms that extend out either side of the ship, so you can get close to the real show outside.

LEARN from our knowledgeable and highly experienced Expedition Team and guides in our lecture theatre or Citizen Science spaces.

ENJOY welcome drinks with the Captain and guides.

INDULGE IN WELLNESS spaces such as the gym, sauna and Jacuzzis.

UNWIND in our wellness centre aboard the *Greg Mortimer* or *Sylvia Earle*, enjoying a facial treatment or massage (additional costs apply).

TAKE A DIP in our swimming pools aboard the *Sylvia Earle* and *Douglas Mawson*.

STAY HYDRATED with our water refilling stations throughout the ship.

RELAX and unwind in the comfort of our well-stocked library.

GET READY for adventure in our mudroom and our unique activity prep area, with individual lockers for all your complimentary expedition gear and equipment.

STAY CONNECTED with complimentary access to Starlink wi-fi.
